

Josef Kretz

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with an interest in Web3.0. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Remote

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

SimpleCalculator (FrontEnd Web App) – A simple JavaScript based calculator that does basic math

Drumkit (FrontEnd Web App) – Use your keyboard to play the drums on nine different notes

Horoscope Finder (FrontEnd Web App) – Enter your birthday and find your horoscope

Machine Operator at Outfront Portable Solutions | Beamsville, Ontario

April 2019 — January 2021

Programmed and operated several computer controlled machines, managed workflow and worked as project lead at a medium sized business. Managed inventory with ERP software.
